

## WIGWAM MAY SWING IN LINE FOR JEROME

Tammany Likely to Indorse District-Attorney if Republicans Do.

## MAKING IT UNANIMOUS.

Philbin Chosen to Deliver Speech Renominating McClellan for Mayor.

There remains a possibility that District-Attorney Jerome may be nominated by the Tammany County Convention. Influential Tammany leaders who are inclined to be friendly toward Mr. Jerome are urging Charles F. Murphy to get into line for him and make his decision practically unanimous.

"The Jerome matter," said Mr. Murphy to-day, when asked point blank whether or not Tammany would nominate the District-Attorney, "remains unsettled. I cannot tell what action the convention will take."

If the Republicans decide to indorse Jerome it is considered a certainty that Tammany Hall will take similar action. But if the Republicans decide to nominate a straight party candidate Tammany will nominate an organization man. In a three-cornered fight Mr. Jerome's chances would be materially lessened and a Tammany candidate would have a fighting chance.

## Philbin to Name McClellan.

Former District-Attorney Eugene Philbin will make the speech nominating Mayor McClellan at the City Convention next Thursday night. Martin V. Littleton, President of the borough of Brooklyn, will second the nomination.

Followers of William H. Hearst announced to-day that they will accept the nomination of the Municipal Ownership League and make a fight against McClellan. Tim Woodruff, of Brooklyn, is spoken of as the Republican candidate for Mayor, but his private secretary gave out a statement this afternoon that he would not accept it under any circumstances.

## Three Cits' Conventions.

The Citizens' Union will hold three conventions to-night at Terrace Garden, but the only business mapped out is the nomination of William H. Hearst for Mayor. The City Union, of the county ticket, The City and Borough Conventions will meet and adjourn, simply as an indication that they will not take part in the city campaign.

The borough convention will be presided over by Homer Folks and the county convention by Dr. E. R. L. Gifford.

District-Attorney Jerome's petition has been signed by about 2,000 people. Of these 1,400 have been looked up and found to be bona fide voters of New York County.

## WED HER JAP SUIITOR IN SECRET

Long Island Girl Gave Her Hand a Week After First Meeting—Silent Since July.

NORTHPORT, L. I., Oct. 2.—In June last three men from this village from Jefferson avenue, Brooklyn, Edwin C. Brown, head bookkeeper for a jewelry company, the family including two pretty daughters and two sons, had many visitors.

There had been here only a short time from Frank Yamaki, a Japanese who has an art studio here, told in love with the younger daughter, Miss Helen Pauline, twenty-three years old, and they were seen in each other's company.

To-day early were received by friends announcing their marriage on July 1 by the Rev. Henry Albert, pastor of the Methodist Church here. No word had been heard of the marriage since that time.

Mr. Yamaki, who left Japan when quite young, is said to be well respected and a member of a wealthy family.
